

Transfer Credit Guide: Major in Information Science General Education Requirements

If you are a South Carolina technical college student who plans to transfer to the University's College of Mass Communications and Information Studies to pursue a information science degree, you should consider the following courses as you schedule your technical college classes. The courses listed below will transfer into the Information Science degree program. **This list does not include every technical college course which is available for transfer to the University of South Carolina nor does every Technical College offer every course listed on this guide. Check with your advisor for more information.**

You are **not** required to take all courses listed prior to transferring. You should be aware that courses must be passed with a grade of C or higher in order to be considered for transfer credit. Please review admissions requirements at www.sc.edu/admissions.
