Assessed valuation .......... $5,519,450
Total population ........... 21,738
White population ........... 7,733

In Georgetown an automobile was first used to give book service to the county. It was replaced by a pickup truck, rented from the Statewide Library Project until October 1938 when a regular W.P.A. bookmobile was obtained. In June 1939 the county assumed responsibility for the truck.

The Georgetown City Library lends its books for use on the truck.
